Introduction

Waukesha County implemented the Drug Treatment Court (DTC) Program in 2012 to address the increasing opiate and other drug abuse issues within the County. The mission of the DTC is to advance public safety, reduce crime, reduce costs to our community, and improve individual and community health by providing intensive, integrated, evidence-based court supervision and comprehensive treatment services for drug dependent offenders. There are 25 active drug courts in Wisconsin and the Waukesha program is the first to focus solely on alcohol as the drug of choice. Waukesha County implemented the first Alcohol Treatment Court in the state of Wisconsin, and the DTC follows the same ten key components, established by the National Association of Drug Court Professionals, (NADCP).

The Waukesha County Drug Treatment Court offers its participants the opportunity to break the cycle of addiction, to improve their chance of a sober, crime free and healthy life, as well as to contribute to a safe community while under strict judicial and community supervision.

This program's multifaceted approach utilizes a team concept made up of the Judge, DTC Case Manager, DTC Supervisor, Defense Attorney, District Attorney, Department of Corrections, law enforcement and treatment professionals. It is a four-phase program and the intensity of services decrease as participants progress through the program.

In each phase, participants must comply with routine court appearances, case management appointments – including office and home visits, treatment requirements and random alcohol and drug testing. Intensive case management is a critical component to provide support and monitoring, assisting participants in reaching their goals.

Treatment for participants consists of: assessment and treatment planning, individual and/or group counseling for substance use and other issues, regular attendance at community self-help support meetings, and assistance with meeting individual participant needs, such as; education, life skills, parenting, financial and employment issues.

Positive reinforcement is provided for compliance in the program. Sanctions and therapeutic interventions will be imposed in response to non-compliance.

The average length of stay in the program is dependant on each participant's progress as they move through the four phases. Graduation **may** occur within one year, but it could take longer based on the participant's treatment needs and compliance with program requirements.

Participation in the program may require fees for drug testing if confirmation testing is required and for SCRAMx if this is imposed as a program sanction. Failure to comply with the any program fees may result in a sanction and/or a referral to Waukesha County Collections.

WAUKESHA COUNTY DRUG TREATMENT COURT TEAM MEMBERS

The team consists of the Judge, the Drug Treatment Court Supervisor, Case Manager, Assistant District Attorneys, Defense Attorney and treatment provider. Prior to weekly court sessions, the team reviews the progress of those participants scheduled to appear in court that week. WCS prepares staffing reports detailing the progress of participants in the program. The team operates on the basis of reaching a professional consensus whenever possible. In the event a consensus cannot be reached, the Judge has the final decision making authority on case management issues.

CASE MANAGER

The case manager's role is to oversee the participant's recovery and treatment program, and is the link between the Court, the participant, and the treatment provider.

The case manager is responsible for:

- assessing potential participants for eligibility in the program
- monitoring and encouraging participants during their program
- maintaining participant information
- providing the Court with current information about client progress
- recommending treatment changes to the Court

The case manager also has specific responsibilities in the following areas:

- a. **Drug Treatment Court Team Staffings:** The case manager is a member of the Drug Treatment Court Team and is responsible for the preparation of cases for review at the team staffings. In addition, the case manager may, at anytime, provide information concerning any participant to the Drug Treatment Court Judge on a formal or informal basis; provided the necessary waivers have been signed by the participant and the content of the communication is made known to the participant.
- b. **Referrals:** The case manager refers Drug Treatment Court participants to providers for substance abuse treatment and other services, as determined in the case plan developed by the case manager and approved by the Court. The case manager maintains close contact with the treatment provider and monitors the services received by the participant.
- c. **Case Management:** The case manager periodically assesses the progress of each participant and the participant's adherence to the requirements of the Drug Treatment Court and the participant's approved case plan. They update the case plan as needed and make recommendations to the Court for appropriate changes.
- d. **Other Direct Client Services:** The case manager ensures participants are linked to services within Waukesha County on an as-needed basis, including: family counseling, education, group counseling and other activities as may be reasonably appropriate to maintain a client in the Drug Treatment Court Program.
- e. **Participant Documentation:** The case manager maintains a written record on each participant.

DEFENSE ATTORNEY

Each participant may have their individual attorney attend any and all treatment court staffings that occur prior to each treatment court session, as well as the court sessions.

DISTRICT ATTORNEY

A representative of the District Attorney's Office may attend all court staffings and treatment court sessions. The District Attorney also makes the initial eligibility determination of each participant.

TREATMENT PROVIDERS

The treatment providers have the primary responsibility for educating the participants and helping them deal with their substance abuse issues. They are responsible for ensuring that each participant is provided the treatment that he or she needs.

THE JUDGE

The Judge plays a continuous role in reviewing treatment progress. The Judge responds to each participant's positive efforts and noncompliant behavior.

- a. The Judge presides over the Drug Treatment Court sessions and staffings.
- b. The Judge meets weekly with the Drug Treatment Court Team and is actively involved in determining appropriate sanctions and incentives.

Listed below are instructions for urinalysis (UA) collection and Preliminary Breath Tests (PBT). Through cooperation with this program, you can help yourself by proving that you are drug and alcohol free.

Procedure:

1. You are assigned a color by your case manager.
2. Call the testing line, **(262) 544-4968**, each day after **4:00 A.M.** to find out if you are required to report for testing.
3. If your color is called, report to WCS for testing between 7:00 A.M. and 5:00 P.M Monday through Thursday.
 - FRIDAYS 7:00 A.M. to 3:00 P.M.
 - SATURDAYS 7:00 A.M. to 9:30 A.M.
4. If your color is not called, you do not need to report for testing.
5. Follow the same procedure daily.

Rules:

1. You may be called upon to submit to a PBT or UA at anytime, 24 hours a day, seven days a week.
2. PBT's will be conducted each time you are in the office. Your case manager will not test you unless your mouth is empty. If you have gum, cough drops, chewing tobacco, etc., you will be instructed to wait 10 minutes before testing.
3. Be prepared to provide a urine specimen **EVERY** time you come to the office.
4. **DO NOT** use Nyquil, Listerine, or any other products containing alcohol. Use of such products may result in a positive PBT. This **WILL BE** deemed a failed test.

WCS adheres to strict chain of custody protocols to ensure the integrity of all samples collected and sent out for further testing. *The cost of the confirmation test is borne by the participant.*

Tampering with Drug-Testing: Tampering with urine or interfering with drug testing, including ingesting substances in an attempt to alter the result, putting something in the urine, providing a sample that is not urine or not from the person being tested or in any other manner is a very serious violation. A diluted or altered specimen will be considered a positive test. Success in the Drug Treatment Court Program depends on a relationship of trust among staff and participants, and participants are expected to be honest and truthful in their interactions with DTC personnel. Therefore; tampering offenses may result in termination from the program.

Self-Help Support Meeting Rules

1. Attend the required self-help support meetings weekly (two to three times per week depending on current phase) throughout the entire program. You are encouraged to attend 12-step meetings, such as AA, NA, HA, MA or CA; however, you can also attend other self-help support meetings, such as SMART Recovery, Celebrate Recovery or SOS (Save Our Selves).
2. The required self-help meetings must occur on separate days of the week. You may attend more than one meeting in one day; however, these will not full-fill the required weekly self-help meeting requirements.

Slips which are not filled out completely will not be accepted and will be given back to the participant to finish filling out.
5. **Slips are due by 5:00 P.M. each Monday.** Turn in your self-help group attendance slips on a weekly basis. Any meetings attended after 5:00 P.M. on Monday will be turned in the following week. You will not be promoted to Phase 2 until you have found a sponsor or temporary sponsor. Record your weekly contact with your sponsor on the Self-Help Group Attendance Slips.

PROGRAM COMPLIANCE AND NONCOMPLIANCE

As with any Drug Treatment Court, a participant's progress is measured through his or her compliance with the treatment regimen. The ultimate goal of the Drug Treatment Court is complete abstinence from alcohol and illegal drug use. Drug Treatment Court rewards compliance and sanctions noncompliance.

Treatment providers, the Judge and other program staff maintain frequent, regular communication to provide timely reporting of progress and noncompliance, enabling the Court to respond immediately. Responses to compliance and noncompliance are explained verbally and provided in writing to the Drug Treatment Court participants at orientation. Periodic reminders are given throughout the treatment court process.

Individual treatment providers will establish their own policies and procedures as to when noncompliance reports will be submitted to the Court and other Drug Treatment Court team members. Treatment providers **must** provide timely notification and/or reports to the Drug Treatment Court Team.

Behaviors that **MUST** be reported as noncompliance include, but are not limited to: failure to attend self-help support groups, failure to attend relapse group, failure to provide a urine specimen and/or breath for testing, a positive drug screen and/or breath test, providing a diluted specimen, tampering with a SCRAM bracelet, absences that are not excused, failure to do required sanction, failure to report police contact, and failure to attend individual or group counseling sessions, new arrest, as well as Drug Treatment Court sessions.

A positive breath, urine or blood test for the presence of alcohol or drugs or a confirmed consumption on SCRAM will be considered a probable cause violation of the absolute sobriety requirement. A sanction for noncompliance will be imposed. A participant, however, may request a hearing to challenge the finding of non-compliance.

GRIEVANCE PROCEDURE

When a participant has a complaint, or feels his rights are being violated, he may initiate the following grievance procedure:

Step One – Informal Discussion

The complaint procedure may start with the participant's request of their assigned case manager for an informal discussion between the parties involved. This request must be made within 30 days of the incident or problem causing the grievance.

Step Two – Complaint Investigation and First Decision:

If no resolution is obtained through Step One, within 45 days of the incident, the person making the complaint should fill out a written complaint form and send it to the coordinator. The coordinator will study the complaint, make an investigation, and report the findings to the WCS Program Director. The program director will make a formal written decision within seven days and send it to the client.

Step Three – Hearing and Administrative Decision:

Within 15 days of Step Two decision, the complainant may request that the complaint be forwarded to the County Criminal Justice Collaborating Council Chair (CJCC). The CJCC Chair or their appointed designee will hold a hearing within 15 days.

Step Four – Final Hearing and Decision:

An impartial decision maker will be appointed by the CJCC Chair to hear and make a decision for grievances in the final stage. The impartial decision maker will not have participated in making or reviewing the initial appeal and may be an individual, a board, or a commission.

The Final Stage Hearing shall be available only after exhaustion of remedies available in Steps One and Two.

The request for a final determination shall be made within 15 days after a Step Three decision. Within 20 days of conducting a hearing under Step Three, the decision maker shall mail or deliver to the client a written determination, stating the reasons for the findings.

The participant may, at any time, choose to use the Court instead, in which case the grievance procedure will end.
